## Profile

---

Frontend Developer with **1.8 years of experience** specializing in **React.js, Next.js, and Tailwind CSS**. Proven ability to develop scalable, high-performance web applications with a **focus on clean architecture, reusable components, and intuitive user experiences**.

## Experience

---

**Software Engineering** Oct 2025 – Mar 2026

Applied Informatics Solutions Pvt. LTD

- Contributed to the development of a **yoga platform frontend** using Next.js by building reusable and scalable UI components
- Implemented **custom theming and styled components** using Tailwind CSS to maintain consistent design across the application
- Developed key frontend features including **API data fetching, custom hooks, dynamic routing, and URL parameter handling** for seamless user experience
- Improved overall frontend structure and performance for better usability and maintainability
- Developed and maintained **responsive admin dashboard interfaces** for monitoring and analyzing application data across multiple modules
- Built **reusable UI components** using React.js and Material UI to ensure consistency and improve development efficiency
- Implemented **data visualization components (charts & dashboards)** to enhance data interpretation and decision-making
- Optimized frontend performance by refining component structure and rendering behavior
- Collaborated with backend and cross-functional teams to deliver **end-to-end product features**
- Followed **Agile methodologies**, including sprint planning, code reviews, and continuous improvements

**Tools & Technologies:** React.js, Next.js, JavaScript, Tailwind CSS, Material UI, Git, REST APIs

**Web Developer (Freelance)** Jun 2024 – Jul 2025

Cube Corpsol 

- Developed a **fully responsive company website** with multiple interactive pages using HTML, CSS, JavaScript, and Bootstrap
- Converted UI/UX designs into functional web pages with **cross-browser compatibility and optimized performance**
- Implemented **form validations and user-friendly interfaces** to improve user interaction
- Collaborated with stakeholders to gather requirements and deliver high-quality frontend solutions
- Used Git for version control and maintained clean, structured code

**Tools & Technologies:** HTML, CSS, JavaScript, Bootstrap, Git

## Projects

---

**Yoga / Wellness Platform**

- Developed scalable frontend features using **Next.js** for a wellness/yoga platform
- Built reusable UI components to improve development efficiency and maintain consistency
- Implemented **dynamic routing, API integration, and custom hooks** for seamless user experience
- Applied **Tailwind CSS theming** to maintain consistent design across the application
- Optimized component structure and rendering for better performance and maintainability

- Collaborated with backend teams to deliver integrated, end-to-end features

**Admin Dashboard & Data Visualization System**

- Developed responsive admin dashboards using **React.js and Material UI**
- Built reusable components for scalable and maintainable UI architecture
- Integrated **charts and data visualization tools** for analytics and reporting
- Consumed REST APIs to display dynamic, real-time data
- Improved user experience with optimized layouts and performance enhancements

**E-Commerce Web Application (Full-Stack)**

- Developed full-stack application using **React.js / Next.js, Node.js, and MongoDB**
- Built backend APIs for handling products, users, and cart functionality
- Designed database schemas for efficient data management
- Implemented features like product listing, cart, and checkout
- Created responsive UI for smooth user experience

**Skills**

---

**Programming Languages**

JavaScript, TypeScript

**Web Backend**

Node.js, Express.js, REST API Integration

**DevOps**

Git, GitHub, GitLab, Vercel

**Databases:**

MongoDB, SQL

**Web-Frontend**

HTML, CSS, React.js, Next.js, Tailwind CSS, Material UI (MUI)

**Web Tools**

Storybook, Vite

**Deployment Platforms:**

Vercel, Netlify

**Soft Skills:**

---

**Effective Communication with Teams:** Clearly communicated ideas, updates, and technical solutions with team members to ensure smooth collaboration and alignment

**Time Management & Documentation:** Managed tasks efficiently to meet deadlines while maintaining clear and organized documentation for better project understanding

**Problem Solving & Debugging:** Identified, analyzed, and resolved issues to improve application performance, stability, and user experience

**Collaboration & Teamwork:** Worked effectively with team members and cross-functional teams to deliver features and achieve project goals

**Customer-Centric Approach:** Focused on building user-friendly interfaces and solutions that align with user needs and enhance overall experience

**Education**

---

**B.E Computer Science Engineering**

Velalar College of Engineering and Technology, Erode. CGPA: 8.85

May 2024

**Diploma(DME)**

Al-Amee Polytechnic college
